“Our Government is serious about protecting families and cracking down on crime. Canadians who work hard and play by the rules deserve to be kept safe. Convicted criminals,, however, must be kept where they belong: in jail.”

“The Government’s message is clear—the productions, trafficking and distribution of illegal drugs in our communities will not be tolerated. We will continue to provide law enforcement with the tools they need to tackle organized crime and drug traffickers.”

Honourable Peter Van Loan, P.C., M.P.
Minister of Public Safety
